The town of Bishop, in eastern California, is a boulderer's paradise, one of the few places in the world where a high concentration of world-class bouldering combines with magnificent scenery, convenient amenities, and near-perfect weather. Bishop Bouldering details more than 2000 problems at this internationally popular climbing destination, providing complete coverage of the Buttermilk Country (including outlying areas like Dales Camp and the Pollen Grains), The Happy and Sad Boulders, The Druid Stones, and Rock Creek and The Sherwin Plateau (north toward Mammoth). Bishop Bouldering also showcases the region's bouldering with hundreds of color photographs, including stunning action shots from pro shooters like Dan Pattitucci, Jim Thornburg, Stephan Denys, Simon Carter, and Wills Young.
