What do an alien, a professional dominatrix, and a collection of pulp horror stories have in common? The warped and twisted mind of Gene Simmons! Collecting Gene Simmons Zipper, Dominatrix, and House of Horrors into one big bad volume, you'll get more tales of the sexy, bizarre, and horrifying than you ever dreamed. Gene Simmons Zipper follows Denizen Xeng Ral from the cross-dimensional galaxy known as the Nether Ether as he flees a dystopic planet called Etheria. Gene Simmons Dominatrix introduces professional dominatrix Dominique Stern as she fights to save herself, her friends, and even the country, after a client accidentally blurts out top secret information. And finally, Gene Simmons House of Horrors takes you on a ride through tales so weird we can only say they'll leave you breathless!
