

Paddling the Columbia: A Guide to All 1200 Miles of Our Scenic and Historical River

Paddling the Columbia begins at the rivers headwaters on Columbia Lake in British Columbia and provides comprehensive information for traveling its full 1200 miles to the Pacific. The guidebook enables serious paddlers to set a goal, like hiking the Pacific Crest Trail or climbing the Seven Summits but on water. The book divides the river into 34 segments, detailing put-in and take-out points, campgrounds, various land manager regulations, key riverside sites, dams and water releases, paddling times and distances, free-flowing areas, ferry schedules, and more. Introductory texts and sidebars cover local history, things to do nearby (like hot springs, hiking trails, or places to eat), as well as wildlife and scenery. Boat types and equipment are also covered. The overall tone is adventurous, funny, and introspective.
