

Sally Of The Wasteland

Although slightly insane, shotgun-toting Sally is your typical post-apocalyptic young woman, hanging out at the local bayou bar by night and shooting mutant fauna fish by day. But when the boy she loves takes off on a treasure hunt to the forbidden city of New Orleans, Sally decides to go along for the ride. Then its right out of the frying pan and into the fire as they face packs of deadly Crawgators, flee hunting parties of Mutant Cannibals, and fall in with the warrior women of Alabama - the Bamazons!
