

Shaft: Imitation Of Life #1: Digital Exclusive Edition

After a high profile case that put him in the headlines, private detective John Shaft is looking for something low profile and easy that will keep him out of the spotlight and out of danger. Shaft takes a missing person case that proves to be more difficult than he initially thought. At the same time, he is hired to be a consultant on a low budget film that may or may not be based on his life, and proves to be as dangerous as any job he's ever had. But when there's danger all about, John Shaft is the cat that won't cop out even if it means squaring off against sadistic gangsters that want him dead.
