

Silo (French Edition)

Dans un futur indéterminé, des survivants vivent depuis plusieurs générations dans un immense silo creusé dans la terre, à l'abri d'une atmosphère devenue toxique. Seul un immense écran relayant les images filmées par des caméras les relie au monde extérieur. Lorsque cette société bannit l'un des siens, il est envoyé dehors, vers une mort certaine, et pourtant, tous sans exception vont, avant de mourir, nettoyer les capteurs des caméras. Pourquoi ? Une grande bouffée d'air frais dans la SF.
