WHAT BOOK REVIEWERS ARE SAYING

whatsyourstorybookreviews.com: This book is delicious!
actingbalanced.com: This book takes Twilight and others like it to the next level!

madmoosemama.blogspot.com: The dialogue and emotions are real and raw, there are some expletives and sexual fantasy scenes but I felt they worked with the characters and gave them more of an edge to their creation. Oftentimes the author used comedic wit to the scenes giving it an even more humanistic appeal to the characters.
agrippinalegit.com: I have a feeling that Hayden is going to end up with a lot of fans, and if youre the type of person who tends to fall for the bad boys with hearts of gold, you should probably brace yourself for a new literary crush before picking up Something Witchy This Way Comes!
mindingspot.blogspot.com From teen to adult, I cant imagine anyone not absolutely adoring this book.

booknookclub.blogspot.com: What I loved about this book was that it dove straight into my emotions. When she and Hayden had a steamy scene, I felt it too. When she was getting into trouble, I was biting my nails. When she discovered truths, I gasped and even cried. It was a great emotional roller coaster...

hippiesbeautyandbooksohmy.com: The author creates a ton of tension and suspense even though as the reader, we know what each character is thinking and feeling. It takes a very creative person to accomplish something like that.

dream-wish-live.blogspot.com: Action packed, and fast paced Overall, a great read with intriguing characters.

cafeofdreamsbookreviews.com: Something Witchy This Way Comes is full of paranormal twists and turns, self-discoveries, courage, loyalty, trust and surprises. I thoroughly enjoyed each and every aspect of this book. Veronica Blade has an incredible talent for story telling and bringing characters to life vividly, to really allow the reader to invest themselves within both Tessa and Hayden, as well as the secondary characters.

adiaryofabookaddict.blogspot.com: This is a must read for all lovers of Paranormal books! Veronica Blade you have out done yourself!

lisaisabookworm.blogspot.com: Veronica Blade has an easy style that swiftly carries the reader from start to finish and lovers of romance will greatly appreciate the will-they-wont-they tension between her two main characters.

wovenstrands.wordpress.com: With her breezy irreverence, remarkable self-assurance, and beguiling innocence, Tessa's voice is the one I enjoyed the most. Personally, I would have liked the entire tale to have been told from her perspective exclusively. However, Hayden's voice grew on me after a bit, and I soon relished seeing situations through his eyes, as well.
