

News Narratives and News Framing: Constructing Political Reality (Communication, Media, and Politics)

News Narratives and News Framing is a revealing look at how the medias construction of news affects our political, economic, and social realities. In this introduction to the theory behind news framing, Karen Johnson-Cartee pulls together elements from communication, journalism, politics, and sociology to create a picture of how news forms these realities for the public. With its comprehensive reference section and suggestions on how to influence the news agenda, this is a beneficial resource for students in political communication, media criticism, and communication theory.
