

Hug the Twerp: How to Date a Single Parent without Going Crazy

Scared of dating single parents? More and more attractive, desirable singles are carrying around some serious extra baggage in the form of children from a previous relationship. And it totally messes with the rules of dating as we know them. When you meet a potential partner who takes your breath away, and they mention the child they have waiting at home, does your heart sink? Do you walk away, with some small idea of what you might be missing but nowhere near enough nerve to deal with the complexity of the situation? What if it didnt have to be as complicated as you think? Make the investment, reap the reward There's no sugar-coating the fact that dating a single parent is a serious challenge. And yes, the rules are different, but heres the thing: rules can be learned. Just like anything else in life, if you want something badly enough, youve got to work hard to get it. If you want an easy ride, walk away. If you want to experience something potentially mind-blowingly incredible, it can be worth the investment. The rewards are waiting for you. The book that will change your dating life Single parents aren't for wimps. They'll put some major demands on you. Forget the rules you think you know. Nina York's Hug The Twerp will take you through the only rules you need to understand and accept if you want to successfully bag yourself a hot single parent. Not only that, it'll give you an honest glimpse of the rewards you can anticipate enjoying for your trouble. With all the major warning signs to watch out for clearly marked, as long as youre prepared to put in some time and effort, you can unlock the path to some serious gold at the end of the dating rainbow.
